FYI – so it appears she DID contact the media... That's interesting, but not at all surprising.

Thanks for the heads-up.

Dear Health Commissioner Dray:

I just got off the phone with ATSDR's Michelle Colledge and US EPA's Danelle Lobdell and they were calling to tell me that Rosemarie apparently fell yesterday and disconnected her retina. She is getting surgery today and who knows how long she'll be incapacitated. But I was told by ATSDR and EPA that we will be cancelling the April 18th meeting with the Board and the evening community meeting. I don't even want to guess when it would be rescheduled, but I know it'll likely be some 3rd Thursday of the month so Rosemarie can present her findings to the Board...

Rosemarie wanted to call you and tell you herself, but she doesn't know when she'll get a free moment and I wanted to make sure you knew ASAP.

Talk with you soon,

Greg
